# Datapolitan
Data Solutions for the Modern Metropolis

## Action Plan Template

**Overview**

Use this outline to help plan the tasks necessary to complete your projects. This isn't a requirement, simple an aid to your work in order to meet the project timelines and have a meaningful conclusion to the STEP process ahead of our presentations.

| Task | Responsible Person | Deadline | Resources Necessary | Result |
|------|-------------------|----------|---------------------|--------|
|      |                   |          |                     |        |
|      |                   |          |                     |        |
|      |                   |          |                     |        |
|      |                   |          |                     |        |
|      |                   |          |                     |        |
|      |                   |          |                     |        |
